The interior architect of Stewart Kirby Designs reveals some of his designer finds

lamp-lit

This cheerful yellow lamp, picked up in a Berlin flea market, is just one of Stewart's collection. He prefers colourful lamps scattered around rather than the harsh look of overhead lights. Scout around for lamps from Rock 'N' Rustic 8363 3446 or www.ebay.com.au.

around the world

"I saw this in a display apartment in Portugal seven years ago and I thought, 'that is the rug I want'." Similar Nanimarquina Sybilla rugs are \$3500 at Aptos Cruz Galleries 8370 9011.

too cool

Boring fridges are a crime, according to Stewart. He loves the colour and shape of Smeg's five-star rating Fab 32 fridge. It's \$4390. For SA stockists call Debney Distributors 8346 1888.

go green

Stewart loves the style and comfort of this Herman Miller chair, designed in the '50s by Ray and Charles Eames. "It puts a smile on my face every time I see it," he says. Find Herman Miller chairs from \$1720 at Living Edge 8223 3060.
